

**INFINITI / G35 SEDAN / 2003 / Remote Start**

<a href="#">12volts</a>	white/blue	+	ignition harness
<a href="#">Starter</a>	white/red	+	ignition harness
<a href="#">Second Starter</a>	white/green	+	ignition harness
<a href="#">Ignition</a>	black/red	+	ignition harness
<a href="#">Accessory</a>	white/black	+	ignition harness
Keysense	black/pink	+	ignition harness
<a href="#">Power Lock</a>	red/white	-	driver switch in door
Notes: These are the driver door key cylinder wires. Meter the wires while turning the key in the driver door.			
<a href="#">Power Unlock</a>	blue/white	-	driver switch in door
Notes: These are the driver door key cylinder wires. Meter the wires while turning the key in the driver door. Single pulse on the unlock wire will disarm the alarm without unlocking the doors. Unlock requires a double pulse.			
<a href="#">Lock Motor</a>	purple	5wi	white plug, pin 30 at BCM
Notes: The BCM (Body Control Module) is in the driver kick panel.			
<a href="#">Unlock Motor</a>	yellow	5wi	white plug, pin 23 at BCM
Notes: The BCM (Body Control Module) is in the driver kick panel.			
<a href="#">Parking Lights+</a>	red/blue	+	driver kick panel
Hazards	green/red	-	brown plug, pin 61 at BCM
Notes: The BCM (Body Control Module) is in the driver kick panel.			
Reverse Light	orange	+	driver kick panel
<a href="#">Door Trigger</a>	see notes	-	white 12 pin plug at BCM
Notes: The BCM (Body Control Module) is in the driver kick panel.			
The driver door trigger is white in pin 14, the front passenger door is pink in pin 10, and the rear door trigger (on vehicles without navigation) is pink in pin 11. On vehicles with navigation system the rear door trigger wire does not go to the BCM, instead use 2 separate pink wires in the driver kick panel in the harness that runs to the rear. Use all wires and diode isolate each.			
<a href="#">Dome Supervision</a>	use door trigger wire		
<a href="#">Trunk/Hatch Pin</a>	red/white	-	white plug, pin 18 at BCM
Notes: The BCM (Body Control Module) is in the driver kick panel.			
<a href="#">Hood Pin</a>	lt. green/black	-	pin switch under hood
<a href="#">Trunk/Hatch Release</a>	blue	-	brown plug, pin 76 at BCM
Notes: The BCM (Body Control Module) is in the driver kick panel.			
<a href="#">Tachometer</a>	NOT black or white/blue	ac	any ignition coil
<a href="#">Brake Wire</a>	pink/blue	+	brake pedal switch
Parking Brake	purple/red	-	parking brake switch
<a href="#">Horn Trigger</a>	green/black	-	steering column
