## WARRANTY NOTIFICATION

Dear Infiniti Owner:  
2007 Infiniti

Infiniti is committed to providing the highest levels of product quality and client satisfaction. With that in mind, Infiniti is contacting you regarding a warranty policy enhancement for the evaporative emission vapor vent tube from the fuel tank to the evaporative emission canister.

In the rare circumstance that a clog were to develop in this evaporative emission vapor vent tube, your vehicle has software that may not be able to accurately pinpoint the issue. Therefore, emission warranty coverage for this evaporative emission vapor vent tube has been enhanced to 15 years or 150,000 miles, whichever occurs first, if the tube is found to be clogged. All other warranty terms, limitations, and conditions remain unchanged. Please note that a hard-to-fill condition is a symptom that may indicate a clog in this evaporative emission vapor vent tube. If you experience this symptom, your Infiniti technician will be able to accurately diagnose the issue and make any necessary repairs.

If you have previously paid to have your evaporative emission vapor vent tube replaced prior to 15 years or 150,000 miles (whichever occurs first) you may be eligible for reimbursement of the related expense.

Complete information and instructions including a reimbursement request form is available at [www.infinitiassist.com](http://www.infinitiassist.com).

### NOTICE:

In addition to the emission warranty coverage outlined in your Warranty Information Booklet, the Vapor Vent Tube connecting the fuel tank to the evaporative emission canister is now also warranted for 15 years or 150,000 miles, whichever occurs first, if the tube is found to be clogged. All other warranty terms, limitations, and conditions remain unchanged.
